

Let's show what West Bountiful is made of! Enter the Talent Fair this year!

The Talent Fair will be held in conjunction with the West Bountiful Independence Day Celebration on Saturday, June 27, 2009 from 11:30 am until 1:30 pm after the morning parade. Join us at the park after the parade to hear the West Bountiful Elementary Chorus perform & kick off the Talent Fair.

In case you missed the Talent Fair last year, here's what you have to look forward to this year!

We need entries for these areas:

Performing Talent

Sing, dance, play an instrument, solo or group, adult or child... we want to showcase all the abilities of our community.

Contest Details Coming Soon!!

Get ready to join in the fun by participating in a variety of contests. Watch for details in the June Newsletter!

Displayed Art & Crafts

Let's add to the beautiful displays of last year, such as fine arts like oil paintings, watercolors, sculpture, etc., photography, quilting, handwork, carvings, etc. We want to see the beautiful things you can do!

CHILDREN'S ACTIVITIES

Visit the children's area filled with many *FREE* fun activities like: make a pinwheel, share a music experience, get groovin' and movin' with our movement activities, participate in a theater class, get your face painted and get the giggles out as Chef Hugo makes balloon animals.

← Last year's watermelon eating contest!

2008 Food Eating Contestants

Frank Schofield, last year's hotdog eating champ. EMT-Firefighter Todd Smith, standing by to help if needed. "Well done Frank!"

Mark your calendars & join in the fun!

Volunteers are needed for the **Children's Art Exploration** in the areas of music, arts/crafts, movement/dance, or theater.

Call **Leslie Corpening** at... 801-719-9048 to volunteer!

All entry forms for the Talent Fair are at City Hall or can be downloaded at www.westbountifulartscouncil.org. Entries due by May 31, 2008

The annual West Bountiful Talent Fair is sponsored by the West Bountiful City Arts Council.

Backflow Assembly Required for Sprinkler Systems

Residents that use culinary water to irrigate their lawns are required to provide approved backflow protection on their sprinkler systems. These backflow assemblies require annual testing and test results need to be sent to the city by May 30th.

Sprinkler valves with approved built in backflow protection may be used instead of a backflow assembly if they are installed properly. These sprinkler valves do not require an annual test, however, the water department will need to verify that the valves are installed properly.

Fertilizer injection systems fertilize lawns by injecting fertilizer into the sprinkling system. These systems are increasing in popularity and are required by state law to have a reduced pressure principle assembly (RP) installed and tested annually.

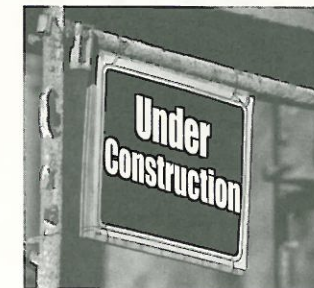

Backflow assemblies prevent the possibility of contaminating our water system. Non-compliance will result in being disconnected from the city culinary system.

On May 13th the city is offering a class to discuss what backflow is and why it is required. The class will be held at City Hall at 6:30 p.m. Please mark your calendar to attend.

UNDER CONSTRUCTION

Please note the following Construction Projects and be patient while under construction...

- New water line projects along 1100 West starting at 1850 North going North to Porter Lane will continue up Porter Lane to 880 West.

- A new water line will also be installed on 500 South starting at 900 West going east to 700 West.

- The water line on 100 North will also be replaced from 800 West going East to 550 West.

The existing water lines are made of cast iron and were installed in the mid 1950's as part of the original water system. These water lines have

out lived their service life and need to be replaced. The new water lines will be upgraded to 12" C-900 PVC waterlines. We appreciate your patience in dealing with these needed

Knitting & Crochet Club Meets Tuesdays

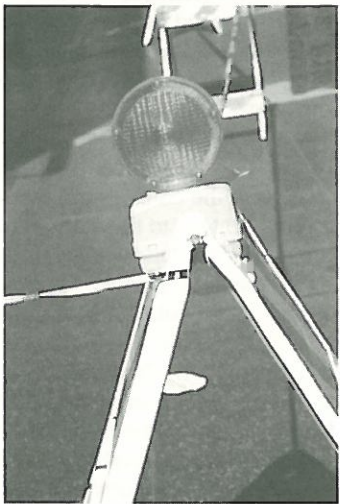

The West Bountiful knitting and crochet club is underway and going strong. Bean bags, purses, and beanies have been completed and baby afghans, dish rags, and scarves are some of the projects being worked on now. We would love more to join our group. Remember, any age is welcome.

Come get to know your neighbors and enjoy handwork. The class meets Tuesdays from 3:30-4:30 at City Hall. If interested please contact Tiffany Allen - 298-8476.

There will be no classes in May, but we will resume in the summer though times may change.

upgrades. These upgrades are the reason for the increase in your water bill since January 2009.

West Bountiful City will be replacing **residential water meters** throughout the city starting April 1st, 2009 completing the meter replacement by May 30th, 2009. While your meter is being replaced, you water will be shut off for approximately 45 minutes.

Celebration of Spring

"A wise old man, who had lived buoyantly through four score years, was asked, "Which is the happiest season of life?"

He replied thoughtfully, "When spring comes, and in the soft air the buds are breaking on the trees and they are covered with blossoms, I think, how beautiful is Spring! And when the summer comes, and covers the trees and bushes with heavy foliage, and singing birds mingle with the branches, I think, how beautiful is Summer! When Autumn loads them with golden fruit, and their leaves bear the gorgeous tint of frost, I think, how beautiful is Autumn! And when it is sore winter, and there is neither foliage nor fruit, then when I look up through the leafless branches and I know that Spring is just around the corner."
